About JNTUK-UCEV:

JNTUK University College of Engineering Vizianagaram (JNTUK UCEV), is one of the constituent engineering colleges of Jawaharlal Nehru Technological University Kakinada, and playing a significant role in imparting technical education in Andhra Pradesh, since 2007. The state-of-the-art campus is spread across 80 acres in a hilly area located at a distance of 8km from Vizianagaram town. At present the institute is offering 7 UG programmes (B.Tech in CSE, IT, ECE, EEE, ME, CE and Metallurgy) and 6 PG programmes (M.Tech. In Computer Science and Engineering, Advanced Power Systems, Systems and Signal Processing, Machine Design and Information Technology, and MCA).

About Department of CSE:

The department of Computer Science and Engineering (CSE) was established in the year 2007. The department offers B.Tech. programme in CSE with an annual intake of 60 students. The department is also offering one Post Graduate course. M.Tech. in Computer Science and Engineering. The department has well experienced and qualified teaching faculty and technical staff. The department has well equipped laboratories catering to the fields of computer science and engineering. Since its establishment, the department has been organizing intensive courses, seminars, workshops, technical symposia and conferences related to various trending areas of computer science.

About the workshop:

The Two Day **Instructional Workshop on Python Programming** (IWPP) will be held on **01st and 02nd July, 2017** at JNTUK University College of Engineering Vizianagaram. Python is a widely used high-level programming language for general-purpose programming.

The aim and scope of this workshop is to train and provide hands-on experience to the faculty of JNTUK Affiliated Colleges, Research Scholars & PG students in Python Programming, as per newly introduced JNTUK R16 syllabus.

Workshop Contents:

In line with **JNTUK R16** Syllabus

- Introduction to Python
- Data Types, Operators
- Expressions
- Control Flow
- Data Structures
- File Handling
- Functions
- Modules & Packages
- Classes & Objects
- Error & Exception Handling
- Python Standard Library
- GUI & Graphics

Prerequisites:

Knowledge in basics of programming and OOPs concepts.

Resource Persons:

Faculty Members of JNTUK-UCEV

Bring Your Own Device:

Participants are requested to bring their own laptops for hands-on experience.

Important Dates:

Last Date for registration	:	28/06/2017
Intimation to Participants	:	29/06/2017
Workshop Dates	:	01/07/2017 & 02/07/2017
