A Guide To Block Chain EcoSystem
by NatSoft Corporation team

A Guide To The Blockchain Ecosystem, is the most comprehensive course on helping you to understand Blockchain technology and the ecosystem as a whole.
It's the one place with everything you need to get started with understanding Blockchain technology and the ecosystem that surrounds it through the path of least resistance, and become a skilled individual on the topic of understanding this rising technology

One Day Workshop
Registration Fee: 400 /-

Data Science
by Bosch (Research Scientist) Team
&
Tecnics Integration Technologies Pvt Ltd

Data Science is the process of examining data sets in order to draw conclusions about the information they contain, increasingly with the aid of specialized systems and software. Data analytics technologies and techniques are widely used in commercial industries to enable organizations to make more-informed business decisions and by scientists and researchers to verify or disprove scientific models, theories and hypotheses.

Two Day Workshop
Registration Fee: 700 /-

Special Events

Intern Summit

For a lot of students struggling to get a meaningful internship every year, Intern Summit is an opportunity to them to get a internship.At the core of the idea is the belief that internships, if managed well, can make a positive difference to the student with this event.Only students who are attending to the workshop are eligible for this event.
Bizbee
Mojoreads
Sails software
Shoproads
Zagg protocol
Mouri tech
Solustun private limited
companies hiring free interns

Plug Your Mind

"Plug your mind" is one of the pre-event for our technical fest.This event is an programming contest which is being conducted online on codechef.

The event will be conducted on 17th and 20th of February,2019.The top 5 people of the event will be offered with free workshop.
