<https://forms.gle/F3Dw3JNF9rgTfYoEA>

**Certificate will be provided on successful
completion of the FDP**

About the program

In the age of the screen and the increasing exposure of young children and adults to the online world, exposure to cybercrime has also increased significantly. The need to inform and educate users especially children, about lurking cyber threats and proper cyber hygiene is of tremendous importance.

Unfortunately, many women fall victim to cybercrime. According to a recent study, more women than men are using the internet to enrich their relationships.

The growing reach of the internet and rapid spread of information via mobile devices have opened up new opportunities that could put some women at risk, so it's important to be aware of the dangers.

By the Directorate of Faculty Development Cell, in collaboration with Directorate of Empowerment of Women & Grievance is organizing a one day Faculty Development Program on **CYBER INTELLIGENCE AND SECURITY** for JNTUGV- Constituent, Autonomous and Affiliated Colleges.

OUTCOMES :

- Increased awareness of Cyber security topics/issues amongst the Women Faculty members.
- Increased awareness of redressal mechanisms to report any untoward incident.
- Importance of using Disha app which promotes safety and security.
- Increased awareness on protection against online crimes and other illegal activities.
