**WE WELCOME OUR HONOURED GUEST IN THE OCCASION
OF OUR COLLEGE INTERNATIONAL WOMEN'S DAY
CELEBRATIONS, CELEBRATED BY OUR WOMEN EMPOWERMENT
AND GRIEVANCE CELL.**

Smt. G. Raja Kumari

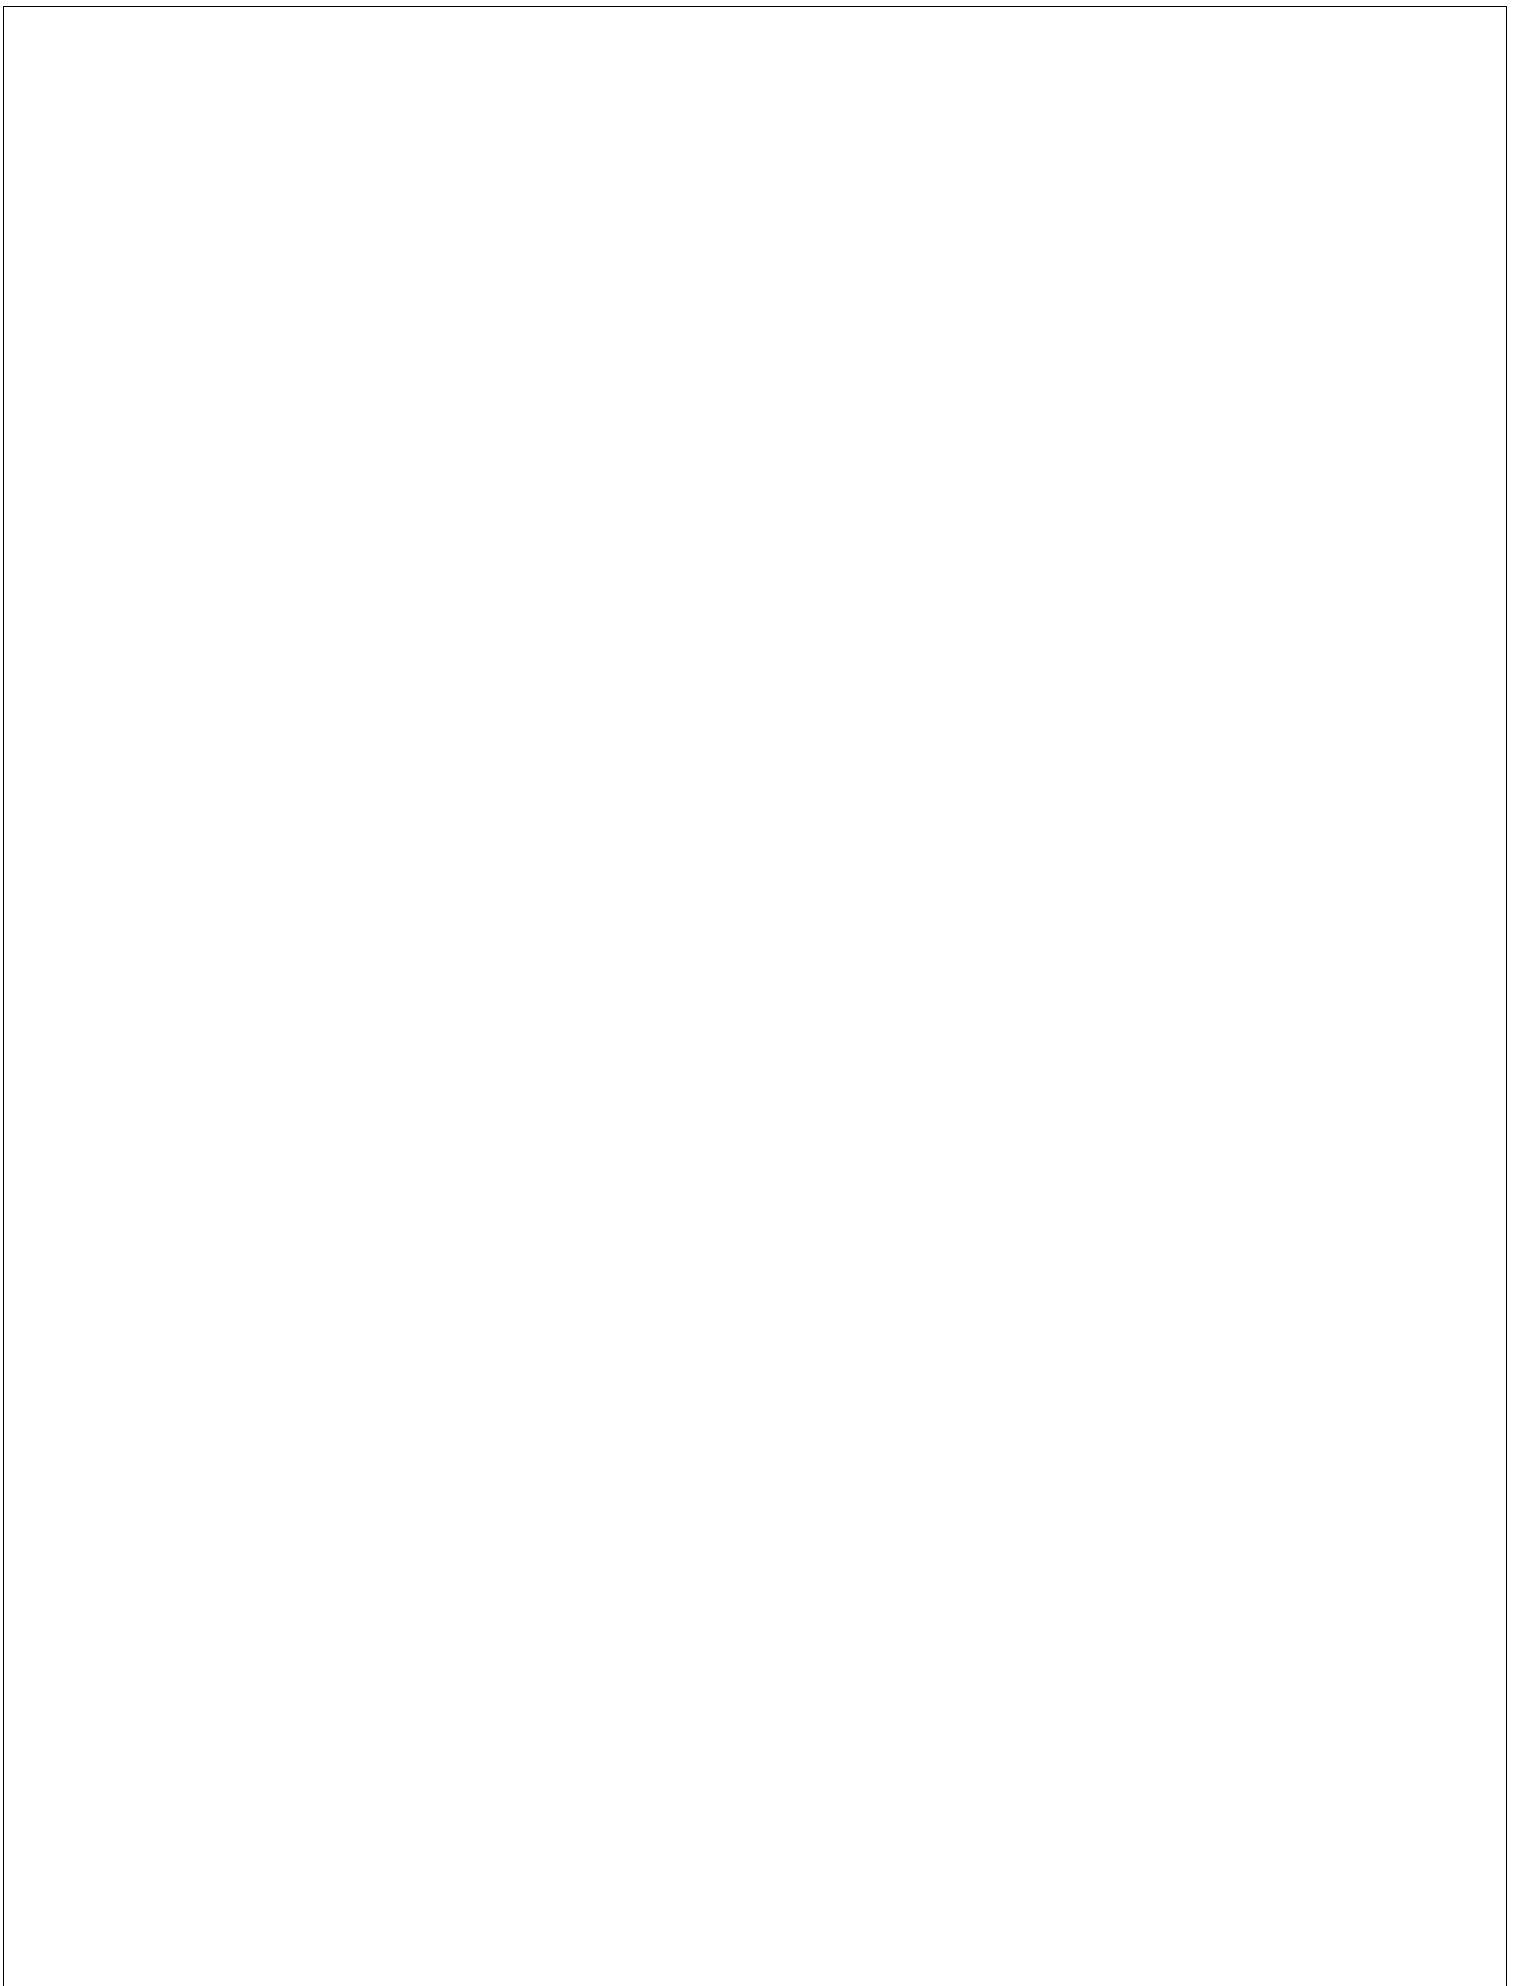

ZP, CEO

Where there is a will, there is a way is true for Smt. Raja Kumari who is serving as a Sub-registrar for Vizianagaram District co-operative society. When asked why she chose Group 1 after pursuing PhD, she mentioned that it has been her father's aspiration to be a responsible Government employee and hence, she took it up and succeeded in the very first attempt to become the sub-registrar. In a second attempt, she is now the Deputy Collector and she want to take her dream further to become selected in All India Civil Services.

Smt. M. Vijaya (SCIENTIST, NSTL)

NSTL is involved in the design, development, testing, evaluation and product ionization of underwater weapons and their associated weapon control systems. These include torpedoes, mines, decoys, targets, simulators, Fire Control Systems and weapon launchers. The lab is also involved in investigating hydrodynamic parameters and structural design of surface and submerged naval platforms and in evolving design criteria through model studies and simulation. NSTL is also involved in developing Warship Technologies, Stealth Technology for ships and Hydro-dynamic research services.

INAUGURATION TIME

We keep moving forward, opening new doors, and doing new things, because we're curious and curiosity keeps leading us down new paths.

The candle lighting was done by Smt. G. RajaKumari (ZP,CEO),Smt.M.Vijaya(SCIENTIST,NSTL), Prof. G. Saraswathi(CONVENOR)and other dignitaries

Each day holds a surprise. But only if we expect it can we see, hear, or feel it when it comes to us. Let's not be afraid to receive each day's surprise, whether it comes to us as sorrow or as joy it will open a new place in our hearts, a place where we can welcome new friends and celebrate more fully our shared humanity.

Educating women, educating the World!!

What comes to your mind, when I say women education?

Is it the education that is associated with curriculum, the one which we get in school and colleges? You are right indeed!! But to add on to it, we must also know that, education does not necessarily mean getting acquainted with the knowledge that we get from the books we are provided with. It's a symbol of making oneself independent; independent in our thoughts, our idea, and independent to take your own decisions.

If somebody claims that he/she is in favor of sending girls to educational institutions and he will never advocate the idea of women going out all alone independently and doing what her heart says, than to be very frank that person is not less guilty than the one who is against sending girls to schools and colleges.

Students and faculty members attended the event.

Educations mean an overall development!! We must embark on a journey to an all-round development of women.

Valuable lessons are hidden everywhere. All it takes is great teacher to all students where to look!

Dr. G. Jaya Suma (SECRETARY) then graced the event by her kind words: "Girls shall be the backbone of the country"

Our honored chief guest Smt. M. Vijaya (SCIENTIST, NSTL) graced the event by her valuable words. she emphasized on the thought that girls are bound not only to be in the kitchen but they are equally taking responsibility in all the fields like research, technology, education, defense "

HOW IS WOMEN EDUCATION IMPORTANT?

All the members attending the celebration of international women's day 2017.

1. POTENTIAL TO EARN AND STAND ON OWN:

Educating women also enables them to be financially independent and to independently take up her expenses on her own. In that way she does not have to live under the burden of taking anyone's favors!

2. POVERTY ALLEVIATION:

It is of paramount importance to educate women so as to fight the long lying problem of poverty. With education women become able to earn and contribute to their family's expenses and so to the society.

There are two ways of spreading light...

To be the candle, or the mirror that reflects it.

Felicitation done to the guest of honor Smt. G. Raja Kumari by Principal , Convener and Secretary .

Felicitation done to the chief guest Smt.M.Vijaya SCIENTIST,NSTL by Principal.

"You are more powerful than you know; you are beautiful just as you are."
