INAUGURATION TIME

We keep moving forward, opening new doors, and doing new things, because we're curious and curiosity keeps leading us down new paths.

The candle lighting was done by CONVENOR and other dignitaries

Each day holds a surprise. But only if we expect it can we see, hear, or feel it when it comes to us. Let's not be

afraid to receive each day's surprise, whether it comes to us as sorrow or as joy it will open a new place in our hearts, a place where we can welcome new friends and celebrate more fully our shared humanity.

""I was taught that the way of progress was neither swift nor easy."

"I've cried at work. I've told people I've cried at work. And it's been reported in the press that 'Sheryl Sandberg cried on Mark Zuckerberg's shoulder,' which is not exactly what happened. I talk about my hopes and fears and ask people about theirs. I try to be myself-honest about my strengths and weaknesses-and I encourage others to do the same. It is all professional and it is all personal, all at the very same time."

Students and faculty members attended the event.

Educations mean an overall development!! We must embark on a journey to an all-round development of women.

Valuable lessons are hidden everywhere. All it takes is great teacher to all students where to look!
